July 10, 2019

Having changed the class of Coursera course : Interactive Computer Graphics by Takeo Igarashi of The University of Tokyo to June 25, I have to wait until then. And due to the final exam of 3D Graphic Programming, I didn't get the time to study the Coursera course : Introduction to C# Programming and Unity by Dr. Tim "Dr. T" Chamillard of The University of Colorado either.

0.1 The tasks I have done last week

- I have been reviewing the final exam of 3D Graphic Programming.

0.2 My plan for next week

I plan to do things as follows:

- Finish the Week2 course of Introduction to C# Programming and Unity by Dr. Tim "Dr. T" Chamillard of The University of Colorado
- Review the final exam of Database.
- Review the final exam of Computer Network.
- Review the Rebuilt test of Calculus 1 & 2.
